SERVICES

APARTMENT CLEANING

We offer a complimentary cleaning of bedroom and bathroom.

Our maid, named Giusy will knock on the door and enter in the apartment for a quick cleaning of bedroom and bathroom. If you are not at home, she has the keys.

Cleaning is made every day between 11.00am and 1.00pm, except Sundays and festivities.

If you prefer not to enjoy this free service, please tell it to the maid. She will have to come at least once every two days to collect the rubbish as this is something you cannot throw yourself anywhere.

Please note that the cleaning of kitchen and dish washing is not included in this complimentary service.

You will find products and tools for cleaning in the apartment.

TOWELS & BED LINEN

Bathroom towels and bed linen are changed once a week.

If you wish an extra change of bathroom towels or bed linen the cost is €10. Please ask to the cleaning lady or to on-site assistant.

It is forbidden to use room towels outside the apartment!

If you want, you can rent beach towels for €5 each for your entire stay - just ask to the maid when she is there in the morning!

LAUNDRY

There is no washing machine in the apartment (except for Casa Fortuna and Casa Stucchi).

In case you want to ask our maid to wash your clothes, she will bring a basket where you can put dirty clothes. We will wash your load alone in our washing machine and tumble drier. Everything is washed at 30° in order to avoid problems with colours. We are not responsible for any colour loss or damage to your clothes during washing/drying. This service takes 24-48 hours and it costs **€15 per load**. You will pay the maid directly in cash.

Self Service Laundry Shops are located in:

- Lavanderia - Via Dei Mille 25/27 (near the temple of Apollo in Ortigia)
- Leone – Via Venti Settembre 8 (near the marina)

After a storm it may happen the internet service is momentarily suspended by the service provider – this does not depend on us and we can only wait for the line to get back.

AIR CONDITIONING - HEATING

Every room has its own independent temperature device you control with remote.

You will then simply have to set the temperature you desire.

The apartment is equipped with smoke and CO detector and alarm.

Ortygia is a safe island and you can walk everywhere at any time. However, beware of pickpockets when in crowded places.

ELECTRICITY

The electricity panel is located by the door. All switchers must be in the up position. Please check this first in case of energy blackout.

If these are all in the up position, you may check the main electricity panel which is located at ground floor, by the entrance door.

WATER

The apartment has an electric boiler to provide hot water.

The switcher on the wall must be in the position "I" (on). If it is "O" it's off.
